Technical Skills

- MySQL
- Power BI
- Excel
- Python - Pandas, Numpy, Matplotlib
- DAX
- Data Visualization

Soft Skills

- Problem Solving
- Communication Skills

Education

10th : 71.6% - 2019 12th : 60% - 2021 Undergraduate - 4th Sem 58.65% till 3rd Sem Vivekananda Global University 2026 - Present

Certifications

- Data Science Internship - Internshala
- Power BI Completed Certificate - Skills Course

Summary

Fresher Data Analyst with strong skills in SQL, Power BI, Excel and Python. Experienced in building interactive dashboards using DAX functions like CALCULATE, ALL, AVERAGEX. Passionate about deriving actionable insights from data to drive business decisions.

Internship Experience

Data Science Intern

Internshala | 2026

- Performed data cleaning and EDA on real-world datasets using Python Pandas
- Created visualizations to identify trends and patterns

Projects

E-Commerce Sales Dashboard Project 1

Power BI | DAX

- The dashboard helps analyze sales performance, profit trends, customer behavior, and product category performance through dynamic visualizations
- Used CALCULATE, ALL, DATESYTD to show YoY growth and % of Total by category
- Generated insights on top-performing regions and customer segments
- Top sales, Profit, Return Rate % By Productname and used slicer for subcategory
- Finding high value customer with total amount

E-Commerce Sales Dashboard Project 2

- Sales by state and total sales
- Average order value
- Average Order Value by Corporate or Consumer

Netflix Data Analysis Project 3

MySQL Query

- Examined ratings, genres, and content distribution using MySQL
- Finding Titles Released Every Year
- Movies Released After 2022
- in this project I used group by, orderby, limit, sum, count, avg and having clause

Zomato Sales Analysis Project 4

Python | Pandas, Matplotlib

- Cleaning Raw Data Before Analysis like Removing Unwanted Column, formatting data type
- Analyzed restaurant type, online vs offline orders, and customer preference trends
- Created visualizations for order mode preference by restaurant type
- Mode Preference by Restaurant Type
- Customer Preference Trends
